

A Statement from Precourt Sports Ventures

February 11, 2019

“Neither the petition nor a possible election impact Major League Soccer coming to Austin in March 2021. Austin FC is already a part of this community. The City Council-approved lease for McKalla Place is signed, and the site plan has been filed. These decisions were made after a thorough community engagement process that included more than 10 community engagement sessions and eight city council meetings.

As a result of the site plan being filed, this petition initiative cannot retroactively overturn the binding result of the council vote that approved the 100% privately financed construction of the stadium and soccer park at McKalla Place.”
