

## TASER COURSE HOST REQUIREMENTS

### Instructor Course Host Requirements

TASER International has provided an online learning opportunity for new and recertifying TASER Instructors. The TASER Conducted Electrical Weapon (CEW) Instructor Course includes an online component that must be completed, no later than three days, before the practical portion of instruction with a TASER Master Instructor. This course will cover the TASER X26, X26P and X2 CEWs. This format will provide an accelerated learning opportunity for recertifying Instructors and will allow new Instructors more time to absorb the technical material. The 16 hours with the Master Instructor will focus on practical application and device manipulation skills. This is considered a 20 hour course for new instructors, with the first 4 hours completed online and the remaining 16 hours in the classroom. Re-certifying instructors will take 8 hours of online training and attend the 8 hours of the second day of the practical session, for a total of 16 hours.

If you are interested in hosting an **X26, X26P and X2 Instructor course**, please choose the dates (two days) on which you would like to host the practical application portion of the course. Access our calendar from [www.TASER.com/training](http://www.TASER.com/training) for availability. If you have yet to sign up for our TASER Communities, please do so now from <https://taserintl.force.com/support/CommunitiesSelfRegSecure?lg=1&typ=LE>. All persons are now required to sign up, in order to view our training schedule and register for a course.

We cannot have more than one class within a two hour drive of an agency that is already hosting. If there is such a class already posted, you may provide dates that are two months in future, past the month that class is hosting. We don't hold two classes in the same location, within two months of each other.

We will send an email to all contacts in your state, including yourselves to help advertise the class. Host agencies are required to notify neighboring agencies of the training in order to maximize enrollment. The dates need to be a minimum of **90 days/ three months in advance** to have enough time for sufficient enrollment and for online access. It takes approximately three weeks to set up a class once the host email has been received. Registration will close 16 business days before the practical session. Hence the reason for needing at least three months' notice.

Starting January 1<sup>st</sup> of 2016, our rates are \$435 for new and \$225 for recertifying Instructors. These rates are automatically raised for ALL classes, even if your request and class was submitted and posted before that January 1<sup>st</sup> 2016 date. The rates for your course will go up as well. We will need at least 10

people to hold the training with a maximum of 25 attendees. The host agency will receive a total of three FREE TASER host spots for hosting the class. All registration and payment is handled directly by TASER, via our Training pages of [www.TASER.com/training](http://www.TASER.com/training).

For hosting an Instructor course, the following items need to be provided:

- 25-30 person training room

When you have confirmed your wish to host a course, please send me an email to ([Jennifer@TASER.com](mailto:Jennifer@TASER.com)) with the following information:
