# Top Tips for Fundraising

**Use your network:** Tell your friends, family, colleagues, clients, suppliers and anyone who will listen that you are taking part in **The Next Step** to fight homelessness. Ask them for support or invite them to join the challenge alongside you.

**Share, Share and Share again:** Share your fundraising page far and wide. Use WhatsApp, social media, e-mail or text your link to your friends, family and colleagues and ask them to support you to take **The Next Step** to fight homelessness.

**Matched Giving:** Many employees don't know that their company offer matched giving when employees fundraise for a great cause. So, why not get a team of your colleagues together and speak to the Corporate Social responsibility or Human Resource team at your workplace to see will they will match what you raise? It's worth the ask!

**Stick to the Facts:** Figures and statistics about homelessness can be a powerful motivator for people to donate to your page for **The Next Step**. Educate yourself and your network about homelessness, the work Focus Ireland do and how they can help. Check out our [stats and figures page](#) to get the latest information.

# Tips for your Fundraising Page

**Personalise your page:** Why are you taking part in **The Next Step**? Make sure you add a story to your page to let your supporters know why you got involved and why you believe homelessness is wrong.

**Top Tip:** People who post a profile picture raise up to 10 times more. It can be a smiling selfie, a picture of your run route or a snap of your dog – whatever it is, make it personal!

**Create a team:** Fundraise as a team to amplify your efforts in supporting people experiencing homelessness. Each member of your team will have their own individual fundraising page that links to a team page. You can easily create or team a team when you register for an event. If you have already registered, you can still [join an existing team](#).

**Join your company group:** If you are taking part with a company, make sure you select the company from the drop down when you register. This means all the funds you raise will be added to the company total and appear on the leaderboard. Don't worry, you can still join a company group if you have already registered, [just follow these instructions](#).

**Set your target:** We suggest you set your target at €250 if you are a member of the public and €500 if you are a company supporter. Pages with a target are proven to raise 46% more, so aim high!

**Share, share and share again:** You will receive a personalised fundraising page URL when you register for **The Next Step**. Share this link far and wide so your supporters can donate. Research shows the number one reason people donate is because they were asked. So, don't be shy!
